Legion Family,

It's been a busy month as we move into the first days of summer and start to get different events going. The Post will be featuring live music twice a month (typically). Please remember that these events are not in fact "open to the public" they are members and guests only which means every non-member will need to be signed in by a member and the member signing in a guest is responsible for the actions of any/all guests.

We have also started our annual Yeti Cooler raffles. We are currently raffling off the 3rd one of the season with 3 more to go after this one. Additionally, the Post will be featuring a Lectric eBike raffle. We have a XP 2.0 step through model on the way!

On Wednesdays the Post has been hosting a Corn Hole League which we've had burgers and dogs available for purchase at. The league is going well, please stop down if you're interested in playing in one in the future or just to grab a bite.

Finally, the Post is always in need of volunteers. We will be hosting 2 pancake breakfasts at the end of July and beginning of August, we are trying to bring back Wings on Sundays, and we would very much like to offer an easy, affordable meal on Monday's since nothing else is open. We haven't accomplished as much as I'd like due to the lack of volunteers. There are 3 sign-up sheets at the Post so please stop by & sign up if you'd like to volunteer. Fish fry is right around the corner & we're going to need volunteers for that as well. The deeper the volunteer bench is the less we need to rely on the same people and the more enjoyable it will be for all.

For the good of the Legion,

Corey Gallup

Mission

The American Legion was chartered and incorporated by Congress in 1919 as a patriotic veterans organization devoted to mutual helpfulness. It is the nation's largest wartime veterans service organization, committed to mentoring youth and sponsorship of wholesome programs in our communities, advocating patriotism and honor, promoting strong national security, and continued devotion to our fellow servicemembers and veterans.

The American Legion's success depends entirely on active membership, participation and volunteerism.
The organization belongs to the people it serves and the communities in which it thrives.
